Rod Johnson Associates, a leader in the lubrication equipment industry

To our valued customers,

As the new CEO of Rod Johnson Associates (RJA), I am committed to continuing the reputation established by Rod Johnson over 33 years ago. RJA is your comprehensive source for all lubrication equipment products and related services. We understand your business and are driven to provide solutions that work.

As specialists in lubrication equipment sales, service and installation, RJA is an expert in:

Single-source lubrication equipment. We proudly represent a wide selection of premium, name-brand lubrication equipment products at the most competitive prices possible. We not only offer everyday great deals on name-brand products, we also offer complete packages to include all the accompanying fittings for those products, so you have everything you need the first time.

Design, service and installation. Our well-established reputation as lubrication equipment experts means that customers get exceptional system design, service and installation by trained and certified personnel. Our team is committed to getting you up and pumping fast!

Our customers know that, with RJA, they can count on receiving knowledgeable personalized service and outstanding technical support with every installation or product order.

Give us a call today and let us help you get it done!

A handwritten signature in black ink that reads "Joe Quinlan". The signature is fluid and cursive.

Fuel Dispensing

FILL-RITE
The Most Trusted Name in Pumps and Meters

Hand Pumps		
FR112	The rotary action allows smooth, continuous transfer at up to 10 GPM (38 LPM) per 100 revolutions. Includes anti-siphoning device and corrosion-proof adjustable suction pipe. Effective with medium viscosity liquids, as well as oils, gasoline and diesel fuels.	\$170.00
FR152	This compact, high flow, dual-action design delivers up to 20 GPM (76 LPM) per 100 strokes. Includes anti-siphoning device and corrosion-proof adjustable suction pipe. Ideal for gasoline, oil or a wide variety of liquids.	\$170.00
FR31	Quart Stroke Pump; Easy calibration for accurate quart measurement, cast iron construction, telescoping suction pipe extends from 22" to 40". Use with oils or other non-corrosive liquids.	\$180.00
